

REMARKS

Applicant respectfully requests substantive examination of the application in view of the above amendment and the following remarks.

New claims 20 and 21 replace previous claim 4.

Applicant respectfully requests that the examiner should provide a description of the mutually exclusive characteristics that differentiate the species, because applicant cannot determine what they are from the description of species in the previous office action. For example, applicant does not understand how species 5 and species 6 are mutually exclusive.

In response to the requirement to amend the claims so that at least one independent claim reads on the elected species, claims 1 and 8 have been amended. Both claims 1 and 8, as amended, read on the elected species as applicant understands the species.

All the claims are in condition for allowance and applicant respectfully requests allowance of all the claims.

Please charge any fee deficiencies and credit any overpayments to Deposit Account No. 14-1270.

Respectfully submitted,

By /Michael E. Belk/
